Dear Professional:

The 2002-2003 Stone Manufacturing Catalog features our complete line of quality products. This catalog is also available on our website (www.stonemfg.net) along with a directory of our distributors. Each product has been designed to help ease your workload and enhance your profitability. We stand behind every item in this catalog with a guarantee of customer satisfaction, quality, and serviceability. Any product found defective in materials or workmanship will be repaired or replaced.

Quality and service come first at Stone. In business in Kansas City, Missouri since 1932, we have learned that there are no substitutes for excellent products supported by sincere and forthright customer service personnel. We believe in spending time in the field working with veterinarians and livestock professionals who depend on our products to earn a living. What we learn in the field we bring back to our craftsmen in Kansas City for modifications and improvements. Information gathered in the field has led to numerous product improvements and innovations over the years. Many of these innovations have improved productivity and made using Stone products easier and safer for both man and animals. We work at being innovative in product development, not just copying others' endeavors.

We take pride in the fact that products with the Stone brand name are designed, manufactured, assembled and packaged by our dedicated craftsmen in Kansas City, Missouri, USA. As you use this catalog and our website for product information and to place orders, please feel free to share your comments regarding our products as well as suggestions for improvements or additional products you feel we should offer.

You can depend on Stone for quality products, uncompromising customer service and innovation.

Sincerely,

Jack Rudnay
CEO

Steve Swindler
President

Quality Products that Work for You ...

Quality comes first at Stone. We've been making handcrafted products for livestock producers since 1932. Over the years we've

learned a great deal about quality. You can see it in the meticulous detail and workmanship of our products, and you can feel it in the way they perform.

We know you're only going to choose Stone products if they perform to your complete satisfaction. Above all, we understand that our products must not only make your job safer, easier and more effective, they must also add to your bottom line.

We value quality and performance just as much as you do. The best way to appreciate the true quality of a Stone product is to experience it for yourself. We take pride in making quality products that work for you.

General Information Terms & Policies

STONE

General Policies

1. STONE Manufacturing disclaims any responsibility for errors in pricing, the use or misuse of any product described in this catalog and for any loss incurred through the use of products according to methods described in this catalog. Always refer to and follow the label instructions. STONE Mfg. specifically does not authorize anyone, including its agents or employees to recommend any product sold, to be used in any other way than according to the manufacturer's current label instructions. STONE Mfg. disclaims any responsibility for losses incurred due to delays or errors in shipment. We do reserve the right to limit quantities.
2. We will invoice all products at actual published freight charge.
3. All orders are shipped FOB Kansas City or point of destination, as carrier determines, via United Parcel Service (UPS), Parcel Post or motor freight at Stone's discretion, in accordance with size and weight restrictions.
4. Payment terms are net 30 days from the date of invoice.
5. A 1.5% late charge will be assessed on all past due invoices. All payments from an account will first be applied against any outstanding service charges, if any, and then against the outstanding invoices.
6. Back Orders will automatically be shipped as inventory is replenished, unless it is otherwise specified when the order is placed.

Price Change Policy

We reserve the right to change prices, as deemed necessary, without notice. All orders will be invoiced at the price that is in effect on the date the order is received.

Sometimes vendors will make significant price increases during our price list effective dates. Whenever possible, STONE Mfg.'s will absorb any small increases in raw materials. However, if there is a large increase, we will notify you before processing your order, to give you the option of canceling or accepting the higher price.

Warranty

Any product found to be defective due to materials or workmanship within one year from the date of purchase will be repaired or replaced at no charge. Decision to repair or replace will be at Stone Mfg.'s option.

Shortages, Lost or Damaged Merchandise

1. If carton(s) have visible damage, please inspect your order completely while the driver is present and have the driver note all damages. If damage or loss is found after the delivery, call the carrier immediately for an inspection.
 2. If delivery was via truck, the trucking company is responsible for delivery of the merchandise and all damage claims must be filed by you with the said trucking company.
 3. If delivery was via UPS or Parcel Post, please contact STONE customer service immediately so they can file the claim.
- NOTE: In all cases, retain your original packing slip, carton(s) and packing material.
4. Any damage, loss or shortage should be reported within 72 hours of receipt of your order to the Customer Service Department at cust.serv@stonemfg.net or by phone at (816) 231-4020.

Returned Merchandise

All requests for merchandise returns must receive advance authorization and an RGA number from Customer Service Department, phone 816-231-4020 or e-mail cust.serv@stonemfg.net

Return requests must include product name and number, purchase order number, and invoice number. In addition, the following conditions apply to returns:

1. Merchandise may be returned only by original purchaser within one year from date of purchase.
2. Authorized returns must be sent transportation prepaid.
3. Authorized returns must be marked with assigned RGA number.
4. Credits issued will be applied to customer's account; no cash refunds.
5. Discontinued products cannot be returned for credit.
6. Credit issued will be based on the purchase price at the time of the original purchase.
7. Returned merchandise that is not defective must be in original packaging and in resalable condition.
8. A minimum 15% re-stocking charge will apply to qualified returns.

General Information Repairs and Service

STONE Manufacturing and Supply is proud of its quality products and is confident they will give you many years of good service. However, if your product does need care or maintenance, please contact us to determine whether or not it is covered under warranty, or will be a chargeable repair. In either instance, it is important that the item is properly cleaned and sanitized prior to returning it to STONE. If this is not done, we will notify you of the extra charges incurred so that our employees making the repairs are protected.

We offer repair service for STONE Electric Brands, Socorex Syringes and STONE Rotary Tattoos. Some products that do not have repair service available do have some replaceable parts that may be purchased for repair by the owner. Many of these parts are pictured and identified next to the actual product listing.

When requesting warranty repair or replacement, the product must be returned to STONE Manufacturing before we can confirm whether or not it is under warranty.

Electric Brand Repairs

23695	Replace cord only
23696	Replace handle only
23697	Replace cord and handle

Socorex Repairs

9999	Miscellaneous Socorex Repair – Charged It is unusual to find a defective Socorex syringe direct from the factory. In the rare instance of this happening contact Stone Manufacturing immediately for directions. If the syringe has been taken apart and fails to function please insure the valves are assembled properly. If the syringe continues to not function please contact Stone Manufacturing for assistance in determining the proper procedure. If the repair is required at Stone you will be given return instructions. If the syringe needs to be cleaned prior to performing a repair, warranty or not, you will be contacted regarding the cost of cleaning. The easiest way to keep Socorex syringes functioning in a manner consistent with their quality is to keep them clean and not left with material in the barrel, including water.

The exact same syringe as the pistol grip model with convenient new twin ring design. Available in 0.5ml, 1ml, 2ml, and 5ml syringe sizes.

- Ease in handling syringe around chutes and stanchions
- Straight line actuation reduces user fatigue
- Overall design may aid in reducing repetitive motion syndrome
- Feed tube configuration can be conveniently hung right at the chute
- Barrel tube protector reduces potential breakage
- Twin Ring design allows for excellent control of the syringe while in the working environment
 - Reduces potential of self-injection
 - Enhances ability to administer proper dosage
 - Dramatically reduces possibility of animal caused dosage losses
 - Better control reduces potential of broken needles

SOCOREX RING HANDLE SYRINGES 0.5 ml to 20 ml

Capacity	Volume Range	Increment	SOCOREX SYRINGE with Feed Tube Kit Luer Lock Product #
0.5 ml	0.1–0.5 ml	0.05 ml	9430
1 ml	0.1–1 ml	0.05 ml	9431
2 ml	0.3–2 ml	0.1 ml	9432
5 ml	0.5–5 ml	0.5 ml	9435

VIAL HOLDER KIT

Kit includes 2-piece slanted vial holder, locking ring, bottle-lock, tube connector and intake needle.

Product # 9517 – Vial Holder Kit for Socorex

FEED TUBE KIT

Kit includes 1 tube (39.5"), 1 sinker, 1 aspirating cannula (7.5" Feed Needle) and 1 vent cannula (disposable needle). (Does not fit 20 ml syringe)

Product # 9515 – Feed Tube Kit for Socorex

FEED TUBE WITH BOTTLE SPIKE

Use this handy bottle spike for inverted or vertical vials. Use with Socorex or other style syringes.

Product # 9825 – Feed Tube with Bottle Spike

SPARE PARTS FOR VALVES

Top quality set of spares for valves for all six sizes of Socorex syringes. Spare valve kits include: 2 each, stainless steel balls, springs, washers, 1 gasket.

Product # 9700 – 0.5 ml spare valve kit

Product # 9701 – 1 ml spare valve kit

Product # 9702 – 2 ml spare valve kit

Product # 9705 – 5 ml spare valve kit

Product # 9710 – 10 ml spare valve kit

Product # 9920 – Spare valve springs (package 10)

Product # 9921 – Spare valve stainless steel balls (package 10)

Product # 9922 – Spare valve washers (package 10)

NOTE: Call for spare valve parts for 20 ml syringe.

SPARE GLASS BARRELS

0.5 ml, 1 ml, 2 ml, 5 ml, 10 ml and 20 ml for Socorex syringes.

Product # 9600 – 0.5 ml glass barrel (Includes plunger)

Product # 9601 – 1 ml glass barrel

Product # 9602 – 2 ml glass barrel

Product # 9605 – 5 ml glass barrel

Product # 9610 – 10 ml glass barrel

Product # 9620 – 20 ml glass barrel

HOLSTER FOR SOCOREX

Durable, adjustable holster features pockets for syringe and vaccine bottle and a pocket for spare needles, marker or other accessories. Allows one-hand operation of syringe when used with Feed Tube Kit.

Product # 9519 – Holster for Socorex

SOCOREX WORK STATION STAND

- Custom designed stand for holding the Socorex and the Socorex Twin Syringe. Securely holds the syringe when not in use — keeps it safe, clean and secure.
- Protects the syringe and helps keep the needle clean.
- Constructed of molded nylon composite for durability.

Product # 9525 – Socorex Work Station Stand

SYRINGE CLEANING BRUSHES

Product # 9250 – Syringe Valve Cleaning Brush

Product # 9251 – Syringe Brush, 1 ml barrel

Product # 9252 – Syringe Brush, 2 ml barrel

Product # 9255 – Syringe Brush, 5 ml barrel

Product # 9260 – Syringe Brush, 10 ml barrel

SLAP-SHOT® FLEXIBLE VACCINATOR

Vaccinate or administer injectable products without total confinement. Inject animals in chutes, alleyways, crates or in the open.

- Minimal needle breakage.
- Attaches to any standard Luer lock syringe and needle.
- Clear flexible tubing stays flexible.
- Empty, rinse and sterilize to re-use.

Product # 9230 – Slap-Shot, 30 inch

Slap-Shot shown with Socorex syringe

Deluxe Features Add Value to STONE ELECTRIC BRANDS

- Rugged construction, designed for years of dependable service.
- Durable, long-life heating element.
- Choose standard design numbers and letters from 3"-6".
- Sets of numbers 0-9 available with three numbers per handle on three handles, except 5" and 6" on 4 handles.
- Extra bracing with heavy 3/16" steel keeps heat element in shape to produce sharp, legible brands.
- Safe, strong barrel insulates against heat, possible shock.
- Cast aluminum handle has comfortable open grip, fluted rubber cover.
- Professional design service for your personal brand.

Product Series # 23600

STAINLESS STEEL BRANDS

- Open-back design makes clear, legible brands.
- Stainless steel numerals are 3/16" thick and 1" deep, precisely formed.
- Steel handle is double-attached to numerals for durability, long life.
- Standard brands are available in 2", 3", 4", 5" and 6" sizes.
- Overall length 36".

Product # 23030 – 2" 0-8 Set

Product # 23033 – 3" 0-8 Set

Product # 23035 – 4" 0-8 Set

Product # 23040 – 5" 0-8 Set

Product # 23045 – 6" 0-8 Set

(6 is used for "6" or "9")

CUSTOM STAINLESS STEEL BRANDS

- Crafted precisely to your design.
- Overall length 36".
- Optional stainless steel handle.

Send a full-scale drawing and we'll quote a price.

BEAVER TAIL BRAND

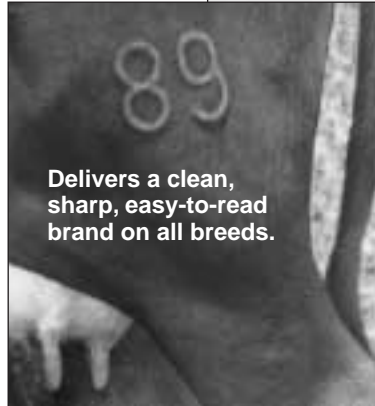

Universal fire brand made for touching up imperfect brands.

Product # 23080 – Beaver Tail Brand

PORTA-BRAND

State-of-the-art branding system includes propane heated oven, one handle and one set of 0-8 characters.

- Oven heats up to 4 characters at once.
- 2" and 3" numbers and letters available.
- Oven attaches directly to your propane tank. Completely portable.
- Heats in only 4 minutes, stays hotter longer.
- Requires shorter contact to animal.
- Delivers a clean, sharp, easy-to-read brand on all breeds.
- Custom designed brands available. Limitations may exist depending on size and design of your brand.

Product # 22512 – 2" Individual Character

Product # 22520 – 2" 0-8 Set

Product # 22525 – 2" A-Z Set

Product # 22570 – 2" Outfit

Product # 22513 – 3" Individual Character

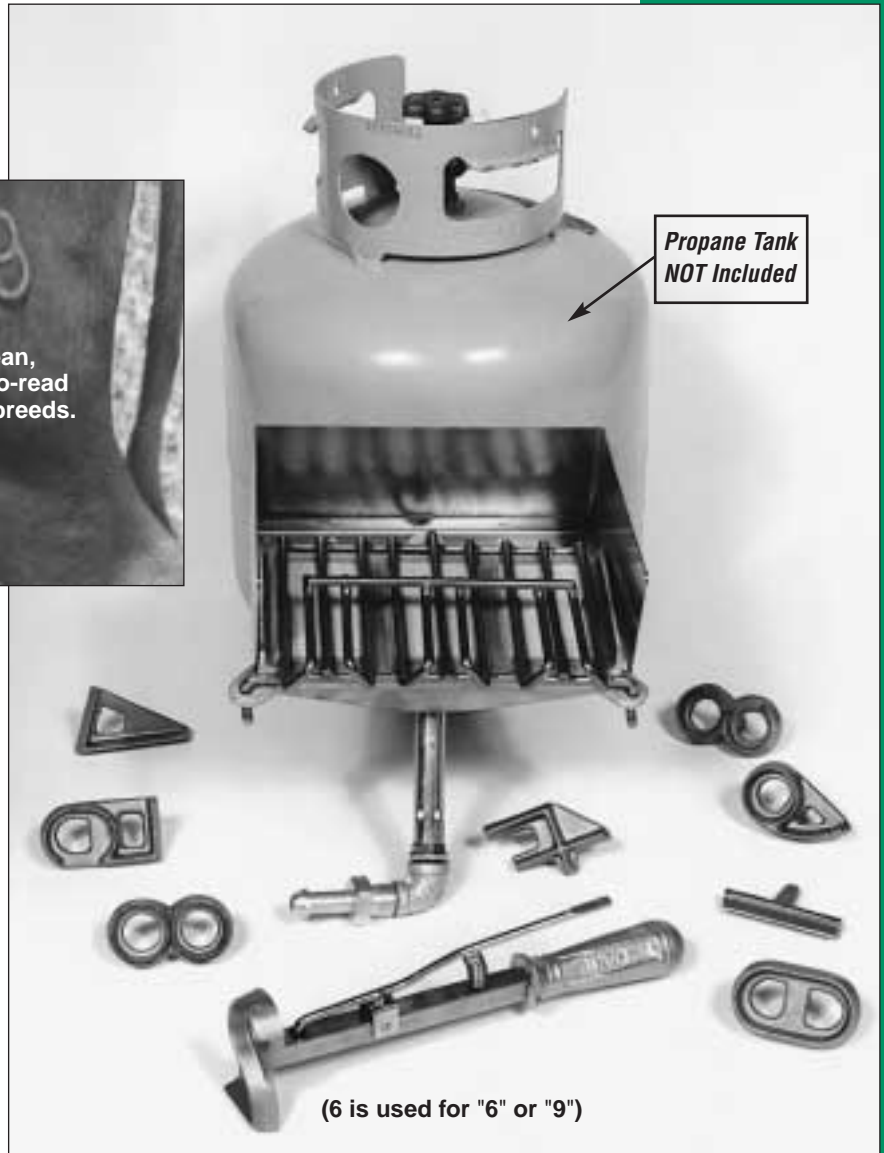

Product # 22530 – 3" 0-8 Set

Calving Aids

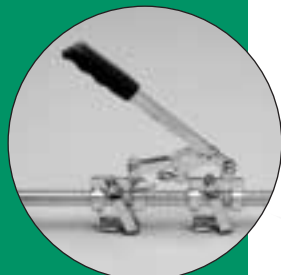

STONE RATCH-A-PULL

Double-Action Calf Puller . . . The Longest and Strongest Available

- Variable side-to-side pull for maximum control and maneuverability.
- Provides straight, consistent pulling action.
- 77" solid steel rod provides long, continuous pull, eliminates need for re-attaching chains.
- Deep grooves on pole provide positive locking to prevent slippage of ratchet, and damage to pole.
- Heavy-duty, solid steel construction of pole and ratchet is strongest available.
- Pole threads together at midpoint for easy breakdown and assembly.
Entire puller and breech spanner fits handily into canvas carry bag for easy portability, secure storage. No lost parts!
- Smooth, precise craftsmanship in every detail.
- Precision hook design grips OB chain securely at any point to prevent slippage or slack.
(Chain sold separately.)
- Ratchet is capable of 1,400 lbs. pull.
- Aluminum alloy breech spanner with washable web strap included with puller.

Product # 33100 – Ratch-A-Pull with breech spanner & strap

Ratch-A-Pull Calf Puller with 1,400 lbs of pressure. Photo shows slight bend in pole. Pole returns to straight position when pressure is released.

RATCH-A-PULL BRUSH

- Slips over ends of pole.
- Stiff bristles reach all areas of the grooves.
- Also used to clean parts of the ratchet.

Product # 33120 – Ratch-A-Pull Brush

CALVING GAUGE

Attachable gauge shows exerted pressure when pulling a calf. Primary usage in pairs on Ratch-A-Pull or other double-action pullers or a single gauge for Stone Calf Puller or other single-action pullers. Color gradations from very safe (250-300 lbs.) to excessive pressure (over 400 lbs.). Universal bolt plates accommodate most units but may need modification.

Product # 33109 – Calving Gauge (pair)

Product # 33110 – Ratch-A-Pull with breech spanner, strap and Carry Bag

CALF PULLER CARRY BAG

High quality canvas bag breathes. Nylon stitching prevents rot. Velcro pocket for accessories such as chains and OB lube. Velcro closure – no zippers to break. Easily carries Ratch-A-Pull, Stone Calf Puller or others.

Product # 33108 – Calf Puller Carry Bag

Product # 33125 – Ratch-A-Pull Kit with breech spanner & strap, Carry Bag, two 30" OB chains, cleaning brush, one OB hook and one 8 oz. bottle of OB lube.

STONE POWER PULL CALF PULLER

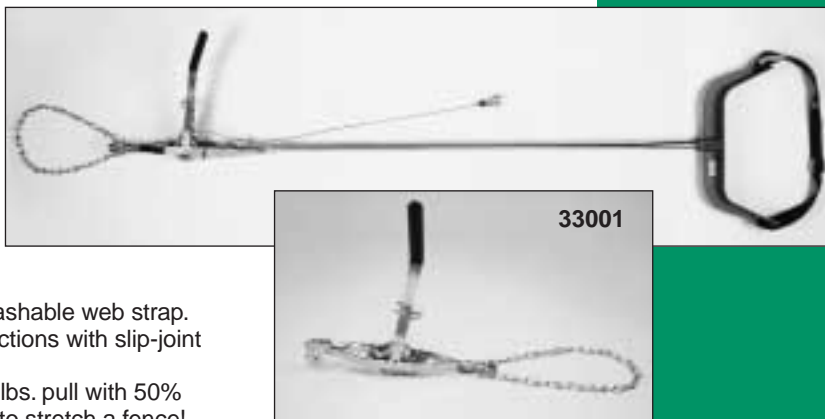

Come-Along Type Calf Puller

- Power Pull has easily-sanitized, 9 ft. galvanized steel aircraft cable with special grab-hook, grips OB chain at any point. (OB chain sold separately.)
- Easily detachable Power Pull and chain allows alternate usages, or use without pole and spanner for convenience in stall calving.
- Sturdy aluminum alloy breech spanner includes washable web strap.
- Tough, nickel-plated, tubular steel pole is in two sections with slip-joint for easy assembly.
- Power Pull's 14-to-1 power ratio offers up to 1,500 lbs. pull with 50% overload factor – light in weight yet strong enough to stretch a fence!

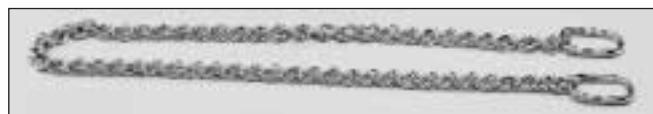

Product # 33020 – Calf Puller, Complete

Product # 33010 – Calf Puller Attachment Kit, without Power Pull

Product # 33001 – Power Pull Only, with Chain

33001

OBSTETRICAL CHAIN

- High quality, smooth, nickel plated steel, twisted link type.
- Strong! Tested to withstand a minimum of 1,200 lb. of pull.
- Long-lasting, easily sanitized.
- American made.
- Available in 30" and 60" lengths.

Product # 10005 – 30" OB Chain

Product # 10010 – 60" OB Chain

10008

10017

OBSTETRICAL STRAPS

Washable, synthetic (nylon or polyester) fiber web strap. Minimal stretch. Easy attachment to calf. Less chance of injury to calf. Can withstand up to 900 lb. pull.

Product # 10008 – 30" OB Strap

Product # 10017 – Adjustable 22" to 36" OB Strap

OBSTETRICAL CHAIN HOOK

- Easy-grip, heavy duty 1-piece cast iron construction.
- Sturdy, smooth, nickel plated.
- Grips chain at any point.
- Hook will not spring or let chain slip.

Product # 10015 – O.B. Hook

OBSTETRICAL STRAP HOOK

- Steel rod, nickel plated.
- Welded steel handle for strength.

Product # 3015 – OB Hook

DOC MUELLER FORCEP

Custom designed instrument to use as an aid in OB chain placement during calf puller delivery.

Product # 33315 – Doc Mueller Forcep

ONE MAN CALF PULLER

Nylon strap with hand holds. (Use without calf puller.)

Product # 10019 – One Man, Manual (pocket) Calf Puller

OBSTETRICAL LUBE

Quality jelly lube for arm or glove in rectal and OB procedures. An aid in delivery at dry births. Excellent for use on stomach tubes, enema nozzles, catheters and OB instruments. Ideal lube for pregnancy checking and artificial insemination.

Product # 33122 – OB Lube, 8 oz. bottle

Product # 33124 – OB Lube, gallon

SURGICAL SOAP

Concentrated, multi-purpose soap. Old Franklin formula preferred by veterinarians. Useful as surgical cleanser, OB prep, skin cleansing or shampoo. Eliminates feces and urine odor.

Product # 10020- Surgical Soap, pint, case of 12

Product # 10021- Surgical Soap, gallons, case of 4

CALF WEANERS

Patented. Effectively controls sucking habit without discomfort. Easily installed and removed. Brightly plated, rust resistant. Prods are long enough to remind calf, short enough not to injure. Conforms to muzzle and shaped to prevent front and side approaches to udder. Will not interfere with grazing.

Product # 1055 – Kant Suk Calf Weaner (6 – 6-1/2" x 3")

Product # 1056 – Kant Suk Yearling Weaner (7-1/4 – 8" x 3-1/2")

Product # 1057 – Kant Suk Cow Weaner (7-1/2 – 8-1/2" x 3-3/4")

ECONOMY CALF WEANER

- Screw adjuster for easy attachment and removal.
- Medium for calves 8-24 months of age.

Product # 33300 – Weaner-Plastic Body

CROWN CALF WEANERS

Self-piercing, solid aluminum ring with stainless steel crown.

Product # 260 – Crown Calf Weaner (5/16" x 2-1/2")

Product # 264 – Crown Cow Weaner (3/8" x 3")

CALF SPLINT

- Extremely durable.
- Can be cut to desired length.
- Lined with soft, durable foam. Needs no padding.
- Fastens on with ordinary tapes.
- Should be kept on hand for emergencies.
- Even usable on large dogs.

Product # 33202 – Calf Splint 26"

CALF SAVER

Respiratory tool helps revive barely live newborns with breathing difficulty or complete failure.

Lets user inflate lungs by blowing into mouthpiece. If lungs are functioning, will release air and draw in more; repeat until calf regains consciousness. Exclusive Non-Return Valve prevents reflux and inhaling noxious mucus and gases by operator. Proper length helps prevent blowing air into calf's stomach. Developed in cooperation with School of Veterinary Science, Bristol, England; proven in field by veterinarians and herdsmen.

Product # 33200 – Calf Saver

DRENCHING TIPS FOR LARGE AND SMALL ANIMALS

- Made of hardened anodized aluminum.
- Can be cleaned and steam sterilized, gas sterilized or boiled.
- Curved for reaching over tongue.
- Animals will not bite off tips.
- Fits appropriate sized disposable catheter syringe.

Product # 8755 – 12cc Bent Tip

Product # 8760 – 60cc Straight Tip

Product # 8765 – 60cc Bent Tip

Product # 8770 – 140cc Bent Tip

ELECTRIC DEHORNER

Lets you decrease stress by dehorning at a young age. Searing action reduces blood loss. Quick, easy use. Fast results. 110 Volts, 240 Watts.

Product # 24210 – Electric Dehorner (inside diameter – 7/8")

PORTA-BRAND DEHORNERS

(Not shown here) See Page 21 for this propane-heated dehorner.

STONE DOUBLE ELECTRIC DEHORNER

- Saves time: One instrument handles newborns 3-10 days old, flip it over for larger calves up to 12 weeks (some breeds to 6 months).
- Cauterizing action reduces blood loss and helps prevent infection after mechanical dehorning.
- Solid brass heating element for long life.
- Stays hot longer. 110 Volts, 240 Watts.
- Inside diameters – 3/4" and 1"

Product # 24310 – STONE Double Electric Dehorner

Product # 24225 – Dual Electric Dehorner (not shown)

TUBE DEHORNERS

Designed especially for use on calves up to four months old. First choice of many dairymen and stockmen. Precise, keenly sharp cutting edge of hardened black oxide steel. Four size choices. Fits the horn at base for quick, easy removal. Hardwood knob handle.

Product # 24220 – 3/4" dia. Tube Dehorner

Product # 24221 – 7/8" dia. Tube Dehorner

Product # 24222 – 5/8" dia. Tube Dehorner

Product # 24223 – 1" dia. Tube Dehorner

BARNES PRECISION DEHORNERS

Precision, keenly sharp, hardened cutting blades, perfectly matched. Rust resisting oxidized finish. No binding, no skin tags. Heavy-duty steel handles on all sizes, rubber grips. Three sizes: Small, Large and Extra Large. Make dehorning faster, easier, more complete than you ever thought possible.

Product # 24208 – Small, 13" (jaw opening 1-1/4" x 2-1/2")

Product # 24209 – Large, 17" (jaw opening 1-3/4" x 3")

Product # 24245 – X-Large, 17" (jaw opening 2-1/4" x 3-1/2")

BARNES KNUCKLE SAVER DEHORNERS

18° offset tubular steel handles, lets you fully open cutting edges in much less space. Ideal for close quarters – holding pens, around headlocks, squeeze chutes. Heavy duty, precision Barnes instrument with sharp, hardened cutting edges, built to last. Only 16" long.

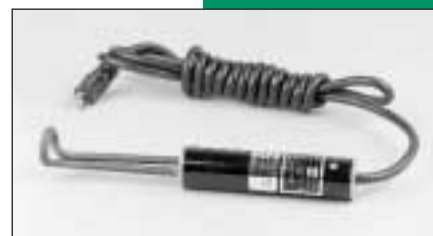

Product # 24229 – Large Knuckle Saver (jaw opening 1-3/4" x 3")

Product # 24249 – X-Large Knuckle Saver (jaw opening 2-1/4" x 3-1/2")

BELL DEHORNERS

Solid aluminum bronze, heavy bell retains heat, has ventholes. Choice of 20" or 33" steel handle. Bell-type, solid brass bell retains heat longer. Five sizes to fit any need.

HENDERSON CASTRATING TOOL

A Patented Instrument & Technique Available Exclusively from Stone

- Minimizes blood loss, risk of hemorrhage through severed cord.
- Twisting action effectively closes cord.
- Useful in any age bull, especially heavier 500-900 lbs., where risk of blood loss, swelling and infection are high.
- Faster than other techniques for big bulls.
- Reduces risk of trauma, post-castration swelling.
- Field tested by veterinarians and cattlemen, used on thousands of bulls.
- Mounts on a standard variable speed hand drill with 3/8" chuck (preferably cordless).
- Brush finish stainless steel resists rust, easily sanitized; will last for years.
- Reverse tapered shank aids in retention in keyless type chucks.

Product # 29500 – Henderson Tool and informational video

Product # 29600 – Henderson Tool System, includes Newberry Knife and informational video

HENDERSON EQUINE CASTRATING INSTRUMENT

A Patented Instrument & Technique Available Exclusively from Stone

The Henderson Equine Castrating Instrument was developed from the original Henderson Cattle Castration Tool designed and introduced in 1994. The Henderson Equine Instrument design and procedure have been under development and testing by Stone and Veterinarians over the past four years. The instrument and procedure has been used on well over 1,000 horses with excellent results.

Benefits of using the Henderson Equine Instrument.

- **Reduction/Elimination of bleeding due to castration.**
- **Reduction of post procedure swelling.**
- **Saves time**, substantial reduction in time to complete the procedure
- **Stress reduction**, reports from veterinarians indicate horses react extremely well post procedure.
- **Removes more cord**, veterinarians report they consistently remove more cord and tissue utilizing the Henderson Instrument than previously used procedures.

Product Features:

- New jaw design specifically developed for equine
- Removable bolt in pivot joint to enhance cleaning and sterilizing of the instrument.
- Constructed of highly polished, autoclavable, sterilizable material.

Product # 29900 – Henderson Equine Castrating Instrument with Informational Video

BAND CASTRATOR PLIER & RINGS

- Multi-purpose plier designed for use on sheep, goats, small calves.
- Also useful for docking and dehorning.
- Durable, precise operation; 9-3/8" long, easy to fit in pocket.
- 1-3/4" diameter spread.
- Stone Castrating Rings are highest quality rubber, designed to work perfectly with Band Castrator Plier.

Product # 29804 – Band Castrator, Plier

Product # 29810 – Band Castrator Rings, Bag of 100

NEWBERRY KNIFE

- Slits the sac side-to-side for easy access to testicles.
- Improves sac drainage post castration to reduce swelling, promote faster healing.
- Precision crafted of stainless steel, with razor sharp 2" knife.
- Form-fitting handle and balanced for fast, easy use.
- Preferred knife to use with the Henderson Castrating Tool.

Product # 29700 – Newberry Knife

Miscellaneous Cattle Equipment

STONE

HORN WEIGHTS

- Heavy cast iron with unique locking feature to keep them in place.
- Four sizes, sold in pairs.
- Two-piece clamp type.

Product # 9200 – 1/2 lb. Horn Weights, pair
(size openings – 3/4" and 1")

Product # 9205 – 3/4 lb. Horn Weights, pair
(size openings – 13/16" and 1 1/8")

Product # 9210 – 1 lb. Horn Weights, pair
(size openings – 7/8" and 1 1/4")

Product # 9215 – 1-1/2 lb. Horn Weights, pair
(size openings – 1" and 1 3/8")

COW MAGNETS

- Designed specifically to combat Hardware Disease.
- Sized to be easily administered with a balling gun, or by hand.

Product # 11000 – Cow Magnets 1/2 x 3"

BULL RINGS

- Solid brass or aluminum.
- Self-piercing design with locking key.
- Four sizes.

Product # 31 – Bull Ring, Small, 5/16" x 2-1/2"

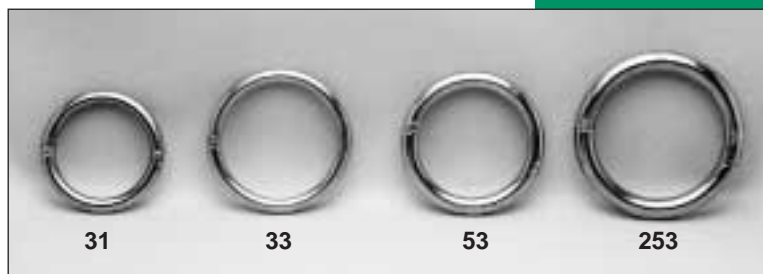

Product # 33 – Bull Ring, Dairy Style, 5/16" x 3"

Product # 53 – Bull Ring, Medium, 3/8" x 3"

Product # 60 – Bull Ring, Medium, Aluminum, 3/8" x 3" (not shown)

Product # 250 – Bull Ring, Dairy Style Large, 3/8" x 3-1/2" (not shown)

Product # 253 – Bull Ring, Large, 7/16" x 3-1/2"

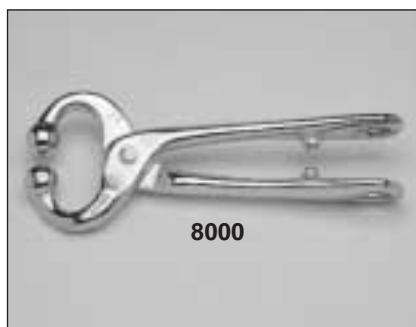

HEAVY-DUTY LEADS

Our best heavy-duty working lead is the most popular choice among veterinarians and stockmen. Strong, sturdy ductile iron construction, smoothly ground and chrome plated for durability. Nose piece measures 2-1/4" x 1" across center diameter. Overall length is 8". Comfortable 6" handle has 5/8" hole for attaching chain.

Product # 8000 – Heavy-Duty Lead, WITHOUT chain attachment

Product # 8005 – Heavy-Duty Lead, WITH chain attachment

HEAVY-DUTY HOOF TRIMMER

Trimming hooves is quick and easy with this heavy-duty tool. Trimming hooves will help prevent ill-shaped or cracked hooves. Hoof trimmer features 32" handles and 3" wide cast steel cutting blades.

Product # 30900 – Heavy-Duty Hoof Trimmer

“SHOOF”

Reusable Hoof Shoes & Kits for Both Dairy and Beef Cattle

- Tough urethane plastic shoe for long life.
- Keeps dirt out, medication in.
- Lets hoof “breathe” during treatment.
- Three shoe styles: Standard Full Hoof; Elevated Left; Elevated Right.
- Supplied as kit complete with bandage, medication and string ties...plus special refill kits containing bandage, copper sulfate medication and new string ties.
- Use to treat lameness, injury, excessive hoof wear, horn separation, bruises, footrot.
- Reliable, economical, instant relief to animal.

Standard

Elevated Left

Elevated Right

Each Kit Contains Shoe, Bandage, Medication & String Tie

QUALITY “SHOOF” ACCESSORIES

“HOOFNAK” Leg Lifter

- Portable winch.
- Attaches quickly to stall or chute.
- Easy to use.
- Minimal storage space.

Product # 85100 – HOOFNAK

Hock Lift Sling

- VET-ROPE brand.
- Favored by stanchion barn dairymen.
- 24" overall, with loop spliced each end.
- Braided marine grade polyester rope.

Product # 85105 – Hock Lift

“SHOOF” Vet Rope

- Ideal for leg work.
- 1" marine grade polyester rope.
- 8 ft. long with loop one end.
- Wide, flat, soft: Won't cut, burn, chafe.

Product # 85808 – Vet Rope Std.

QUALITY “SHOOF” HORSE ACCESSORIES

ICE WRAPS

- Makes ice therapy easy.
- Compression bandage for leg injury.
- Models for Knee, Shin-Tendon, Hock.
- Each wrap kit contains 2 ice packs.

Product # 85730 – Knee Wrap, Left

Product # 85735 – Knee Wrap, Right

Product # 85740 – Shin Wrap, Left

Product # 85745 – Shin Wrap, Right

Product # 85750 – Hock Wrap, Left

Product # 85755 – Hock Wrap, Right

ICE PACKS

- Special liquid pack won't freeze solid, yet has greater cooling capability than water ice.
- Double-walled pack; extremely strong.
- Freeze in refrigerator for cooling.

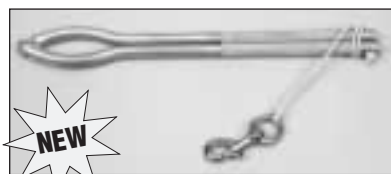

Product # 85760 – Ice Pack

STONE SUPER TWITCH

Made in the USA from high strength aircraft aluminum. Machined for precision fit and operation with lifetime rivet connector. Knurled handles for nonslip secure grip. Life-time Warranty on metal parts and connector. Stone will repair or replace – Warranty does not cover cord or snap.

Product # 76500 – Stone Super Twitch

VET ROPE

- Braided marine grade polyester.
- Loop at each end.
- Wide, flat and soft — won't cut, burn or chafe.
- Two lengths in Blue and White.

Product # 85816 – 16' White

Product # 85820 – 16' Blue

Product # 85830 – 30' White

Product # 85835 – 30' Blue

SHOOF PADS

- Injection molded of tough urethane plastic.
- Installed between SHOOF shoe and sole of hoof, or between steel shoe and hoof.
- Provides protection and treatment of injuries.

Product # 85725 – SHOOF Pads 4-pack

COWLIFTER

Takes the trauma out of getting a downed cow back on her feet.

- Heavy-duty, PVC sling strengthened with nylon webbing.
- Steel support poles.
- Mounts to either front, or rear-end tractor loader, or to block & tackle.
- Makes transporting a cow from field to barn easy.
- Can hold a cow comfortably 2-3 hours (or even longer) to permit circulation and movement to return to cow's legs.
- Large udder cut-out prevents restricting udder and veins.
- Helps reduce the possibility of bruising or damaging nerve tissue.

Product # 35000 – Cowlifter

SECURITEX STRAP

Elastic cattle restraint

Allows all breeds of cattle to be conveniently restrained in order to give medical treatment, carry out an insemination, get a calf to suckle, etc. The strap attaches to a post or pole, wraps around the animal, at the hock, and is secured to another post or pole.

Product # 870 – Securitex Strap

WEIGHT TAPES

- Easy to use tapes to compare weight gain with averages, compute feed rations.
- Standard roll up tapes.
- Useful for quick estimations of livestock weights.
- Use as directed on tape.

Product # 20400 – Weight Tape-Dairy (measures in inches/lbs)

Product # 20402 – Weight Tape-Beef (measures in inches/lbs or cm/kg)

THE DAISY-LIFTER COWSLING

To lift and support sick or downed cows humanely and safely. The cowsling is a cradle device, which is designed for use with a tractor front-end loader or other similar lifting device.

- Heavy-duty, rip stop PVC, supported with adjustable nylon polyester web straps.
- Rust and corrosion resistant plated metal C-hooks.
- Leather covered web support pad.
- Easy to assemble and use.
- Stores in its own drawstring carry bag.

Product # 550 – The Daisy-Lifter Cowsling

ANTI-KICK

- Perfect for breaking in new or skittish milkers.
- Adjustable to cow's size.
- Lightweight, yet sturdy.
- Does not interfere with milking.
- Won't harm . . . doesn't touch udder.

Product # 28700 – Anti-Kick

COW HOBBLER

- For breaking in new or skittish milkers.
- Adjustable to cow's size.
- Plated to resist rusting.
- Does not interfere with milking.

Product # 150 – Cow Hobbles

CLEAR MAGIC

Tames hard-to-hold hair, adds rich, full look.

- Superb control.
- Fast – and aerosol easy.

Product # 58116 – Clear Magic, 10 oz. aerosol can, case of 12

BLACK MAGIC

For a deep, natural black appearance and thicker look.

- Leaves hair soft and pliable after combing.
- Ideal for show dogs, cattle, sheep, and horses.

Product # 58118 – Black Magic, 10 oz. aerosol can, case of 12

FORMULA 95 FLUFF & GLOSS COAT SHEEN ENHANCER

The most innovative product in cattle grooming since adhesive. A 100% active, highly concentrated formula that delivers premium luster and enhanced brilliance, while leaving hair fluffy and “popping”. Use for Class, use again for Champion drive, and again for Grand. Get the same exceptionally great look time after time.

- Gives hair coats a natural bloomy fluff with a high gloss and extreme shine without slick, oily look.
- Puts more volume in hair coats without oily build-up, matting or sticking.
- Hair coat remains fluffy with no undesirable build-up. Can be used over and over same day.
- Safe and non-toxic for use on sensitive skin, contains melaleuca oil.
- Won't gather or attract dust.

Product # 58100 – Formula 95 Fluff & Gloss, 16 oz. with spray, case of 12

Product # 58103 – Formula 95 Fluff & Gloss, quart size, case of 6

DOC'S ORIGINAL RAG OIL

- Quick acting.
- Adds bloom and body.
- Apply with rag – or mist and blow-dry.
- Enhances appearance, adds value.
- Restores natural oils.

Product # 58170 – Rag Oil, half-gallon, case of 6

Product # 58172 – Rag Oil, quart, case of 12

QUART SPRAY BOTTLE

Plastic Bottle with trigger spray.

Product # 58154 – Quart Spray Bottle, case of 12

SHOW FOAM

Grooms and trains hair. Enriched with color enhancers.

- A show-day must.
- Great clipping aid.
- Adds body.

Product # 58120 – White Show Foam, 14.5 oz. aerosol can, case of 12

Product # 58122 – Black Show Foam, 14.5 oz. aerosol can, case of 12

Product # 58124 – Red/Brown Show Foam, 14.5 oz. aerosol can, case of 12

GROOMING ADHESIVE

Tames unmanageable hair. Works fast, holds tight. Controls coarse, unworked or hard-to-hold hair, adds finished appearance.

Exclusive Pro -Point™ tip – choice of nickel, brass or chrome finish.

Epoxy Powder Coat Colors

“HUSTLER” 2-PIECE PRO STICK

The right stick with the right feel can mean the difference between winning or coming in second. The “Hustler” is easy to transport, breaks down and fits in your showbox. It's the same premium quality, lightweight design and high tensile strength as the original Pro Stick.

- Rugged two-piece construction: Custom machined, solid brass inserts with alloy steel thread lugs permanently fixed in high tensile strength aluminum for maximum strength and durability.
- Available in 9 high impact, high gloss epoxy coat colors (Quick Silver, Plum, Green, Black, Teal, Candy Red, Burgundy, Blue and Gold Vein).
- Available in 48", 54" and 60" lengths.
- Comfortable top-of-the-line rubber grip.

“HUSTLER” OPTIONAL NYLON CARRYING CASE

Weather and wear resistant nylon with divided pockets and heavy duty zipper.

Product # 19900 – Nylon Carrying Case for "Hustler" 2-piece Pro Stick
